BOOKING PROCEDURE

1. Please refer to the trial directory when filling this booking form;
2. After we received this form, we will send you the invoice which contains each selected items and total sum of your order, scheduled delivery time, the shipping fee as well as our banking account;
3. Your order will be shipped within appointed working days after payment is received.

PAYMENT

1. Payment via banking transfer or cash;
2. There is no stock available for onsite cash payment, because this type of research products is exported from our database upon your order and customizing demands.

TAILOR-MAKING PROCESS & DELIVERY TIME

1. Project data change fast so that people involvement is required during the tailor-making process to verify the frequently-changing variables;
2. Order with below 100 projects will be shipped within 5 days. 1 extra working day is required for each more 20 projects on this basis;
- 3 The order will be delivered by a tailor-made flash disk in Microsoft Excel or Access format.

RELATED MAPS

- 1 Related maps are NOT included in the project directories;
- 2 Related maps marked as "available for booking" are available for direct purchase (Please refer to the map introduction);
- 3 Related maps marked as "tailor-made" are available for map tailor-making service (Please refer to the tailor-made mapping service);
- 4 The project directories can be added, in the form of tables, into its related maps. However, only part of your ordered directories may appear in the map because of the map size limit.

NOTE

- China Oil Fields Directory includes the nation's condensate gas fields;
- China Natural Gas Fields Directory includes the oil fields with industry-sized gas reserves;
- China CBM Fields, E&P Projects Directory includes onland drilling and underground recovery projects;
- China Oil Products Pipeline Directory includes gasoline, diesel, kerosene pipelines and does NOT include fuel oil pipelines;
- China Natural Pipeline Directory for the whole nation includes subsea gas pipelines;
- China LNG Terminal Receiving Terminals Directory includes the LNG import terminals and reshipment terminal alongside China's coastal provinces and inland river;
- China LNG Regasification Stations Directory includes China's city gas franchisers' LNG supply stations and customized LNG stations for major industry users. The directory does NOT include LNG fueling stations;
- China City Gas Franchisers Directories give brief introduction about the gas supply modes for each franchised zone (connected to PNG or supplied by LNG/CNG);
- China CNG Mother Station Directory includes mother stations and compressor stations in gas fields and CBM fields. The directory does NOT include CNG standard stations;
- China Gas Power Projects Directory records 50+MW (existing capacity plus planned expansion) natural gas plants and energy distributed stations.
